Vince —

The very best to you —

I've really enjoyed our friendship
these past years — I just realized
that I don't have a 6:30 a.m. phone operator —
Don't forget all of us — The future
is yours, don't settle for less —

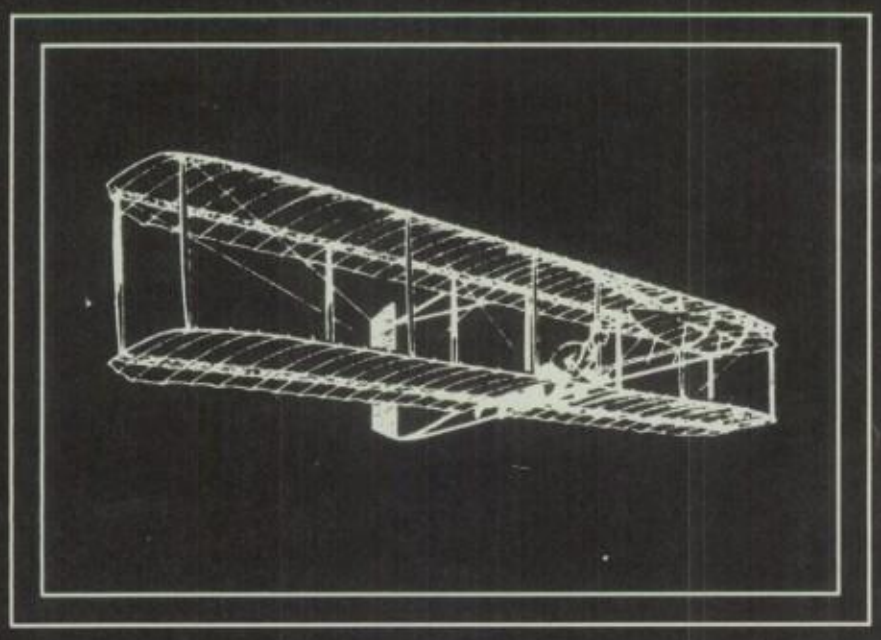
Foreword - In the early days of aviation, following the Wright Brothers' historic flight, a local citizen and his son approached an aviation pioneer while he was working on his frail craft in a cow pasture. The man asked, "Really, what good is the airplane?" The aviator quickly answered by posing the question, "What good is your little boy?"

The answer came back, "Why, some day he will grow up to be a man." And the aviation pioneer replied, "So, too, will the airplane grow to stature and significance." And now, some 79 years later, the airplane indeed has developed to be of significance. It no doubt has surpassed the wildest dreams and expectations of the Wright Brothers. What the airplane has become did not happen overnight but occurred in small steps, with experimentation, observation, and study of natural forces. Each step of the way was a new adventure and had a new meaning; there were many successes and many failures. We do not start out in life at the top. We begin at the beginning, with the benefit of past generations to help us. We add to our knowledge and continue to grow. We call upon our past and face the future as the pioneers faced the frontier. We are always planning for the future. When we were in grade school, we were planning for high school. When we are in high school, we are planning for college or some occupation or a specialized skill. We are continually preparing for the future, facing new challenges, learning new things, and growing and maturing as individuals and as a society.

We begin our high school years with excitement and hope for success. And like the development of the aircraft, we have successes and, sometimes, failures. But we continue just the same because life goes on. We face new challenges with every new class we take. We plan for the future; we draw on experiences and guidance of our teachers and counselors and administrators who helped prepare the way so that we can be ready when the "launch" comes.



We began the 1981-82 school year in a building that had been rejuvenated inside and out. The outside had a face lift that was both practical and cosmetic with aluminum and foam siding. The east entrance got a quarry tile floor and inlaid rocket and most of the halls were freshly painted. The English Hall floor was renewed with vinyl tile. The entire gym floor was replaced and decorated.

These pleasant surroundings help to make Limestone Community High School a first-class center of education.

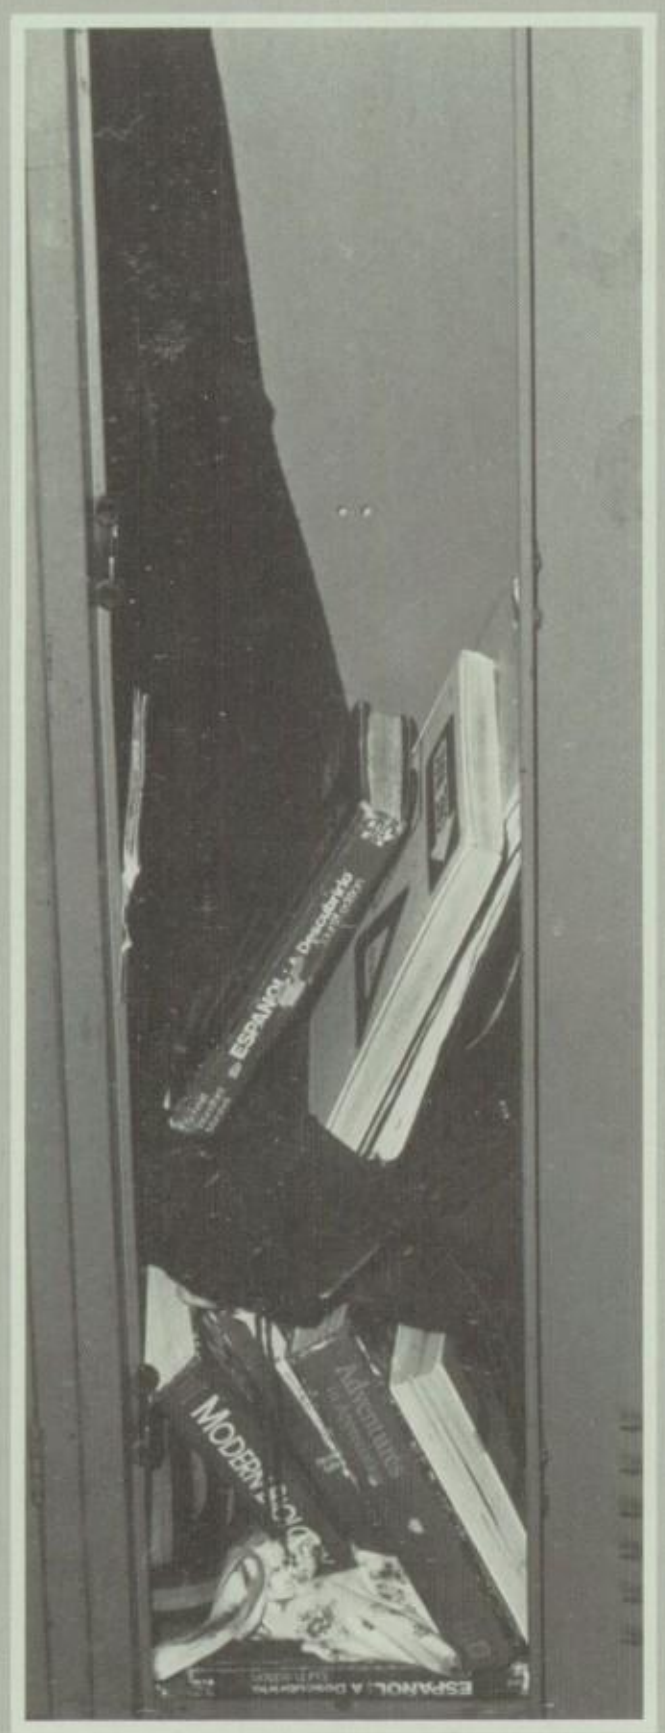
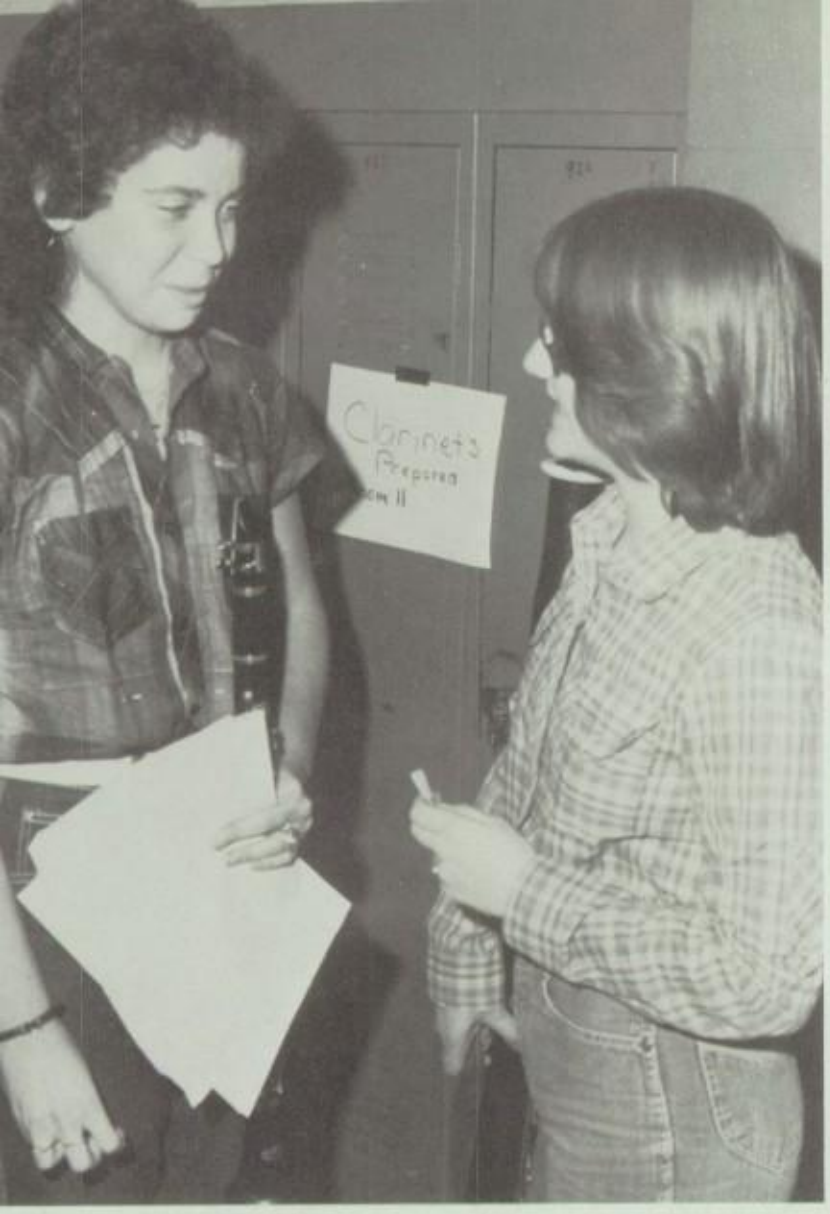
Lacking experience, and with little knowledge, we begin our projects with ambition, enthusiasm, and a desire to learn. We frequently make mistakes along the way, but each mistake teaches us something new and provides us with a foundation on which to build and develop. Since one step is built upon another, it is important to BEGIN AT THE BEGINNING.



The knowledge and experiences of past generations are impressed on the pages of these volumes that are carefully stored for daily reference.

Developing ideas for hall decorations requires considerable planning. Here Mark Fauber, Dan Driscoll, Mike Sullivan, Mike Grieshaber, and Rene Nash start on the foundation.

Grant Mercer, Mitch Blackaby,



Long hours of practice are required to perfect ones talents. athleen Dunne waits for her turn to audition for the Mid-State 10 and.

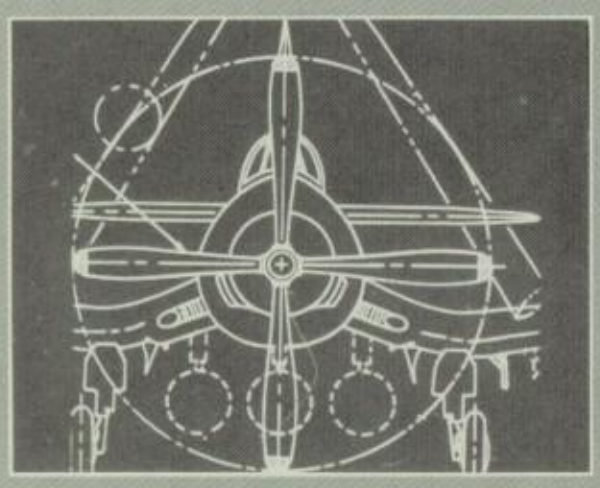
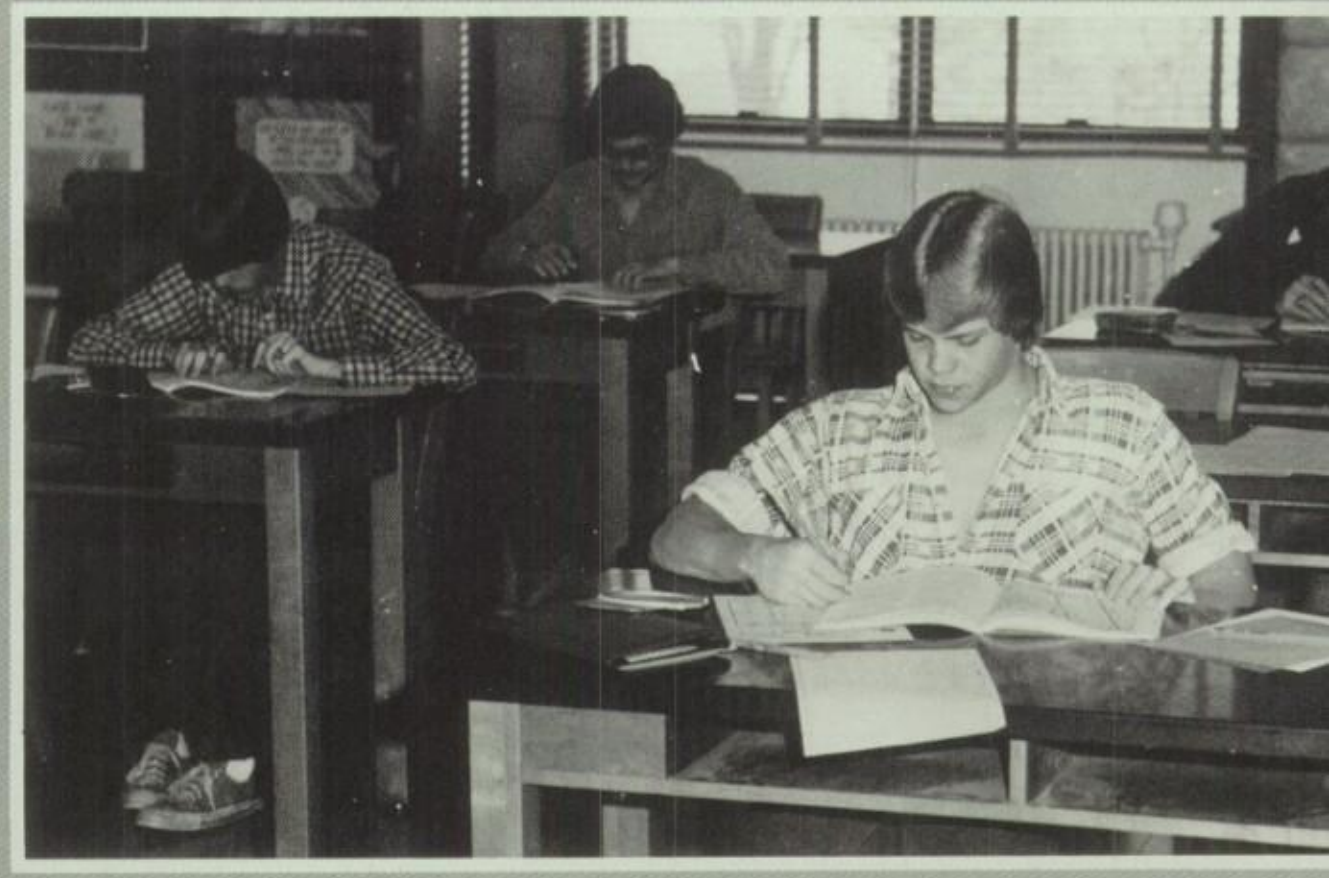
Beginning with raw materials, man is capable of producing masterpieces. Joe Mullineaux begins his project.

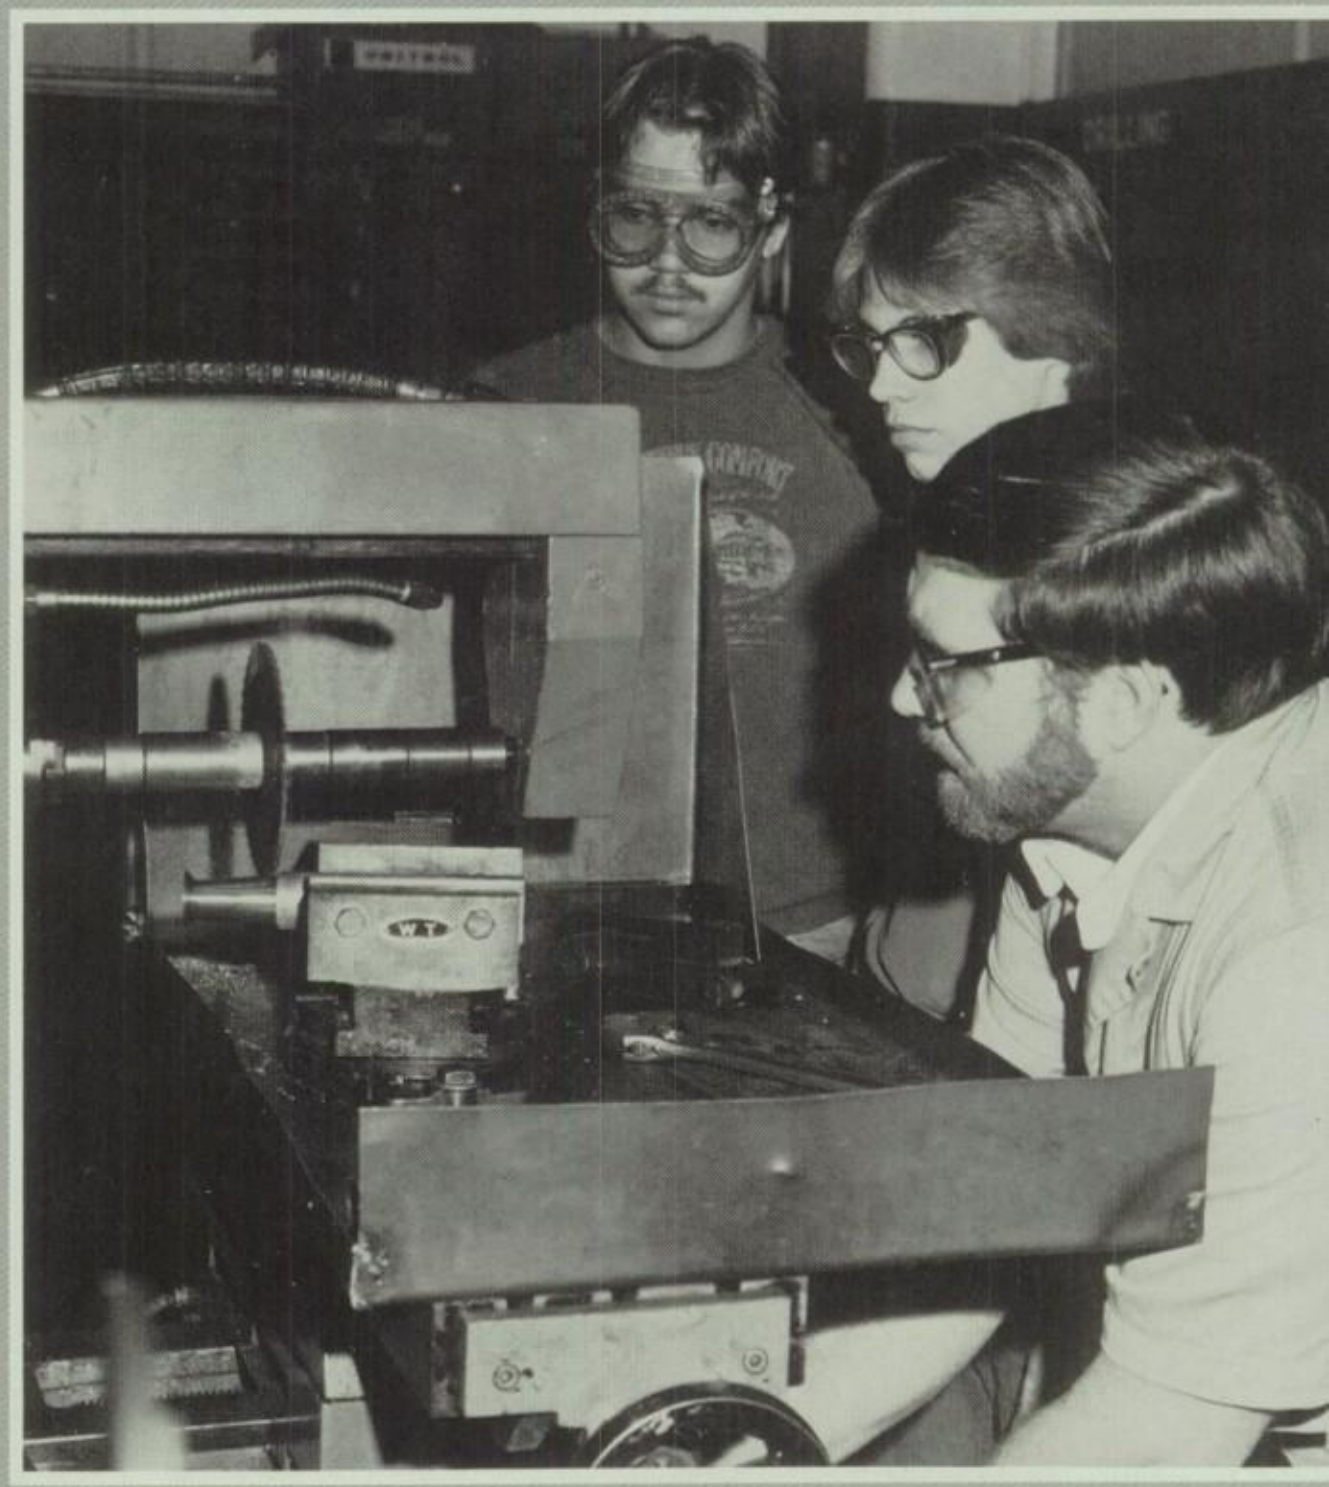
Unique among animals man has developed the ability to communicate by written and spoken language and has for the past fifteen thousand years recorded his thoughts, discoveries, and happenings so that succeeding generations could benefit from already acquired knowledge and experience. Our function as students is the application of the mind to the acquisition of knowledge in an endeavor known as STUDY.

Monica Weaver works at the board in geometry class.



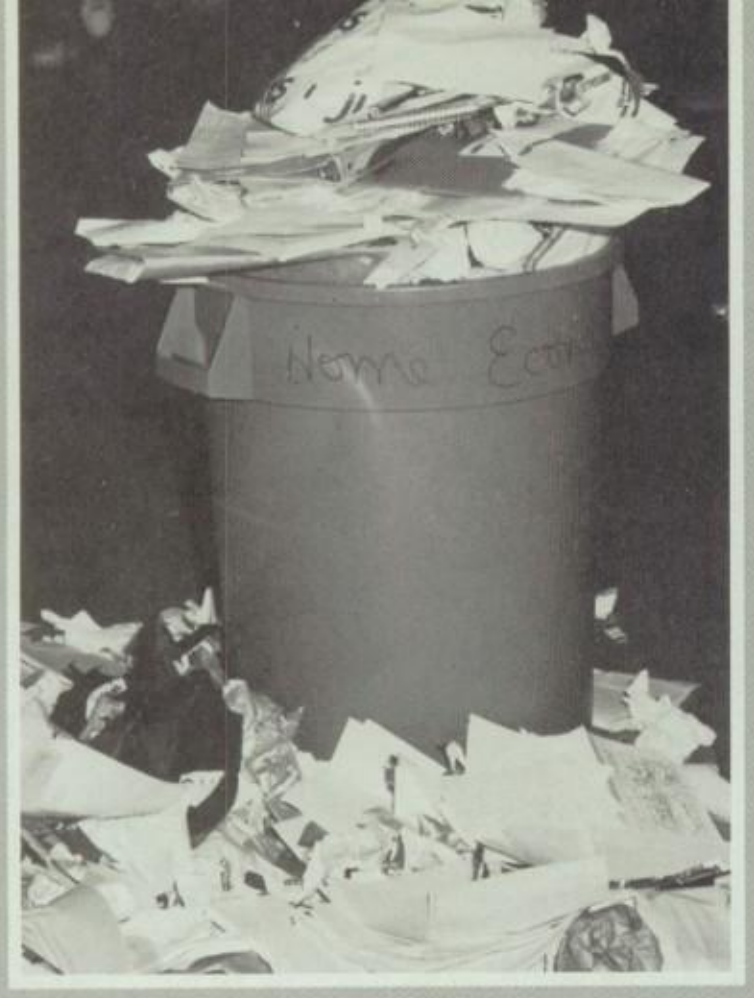


On a cold and snowy Saturday in December, aviation students braved the elements to come and take the Federal Aviation Administration Examination.



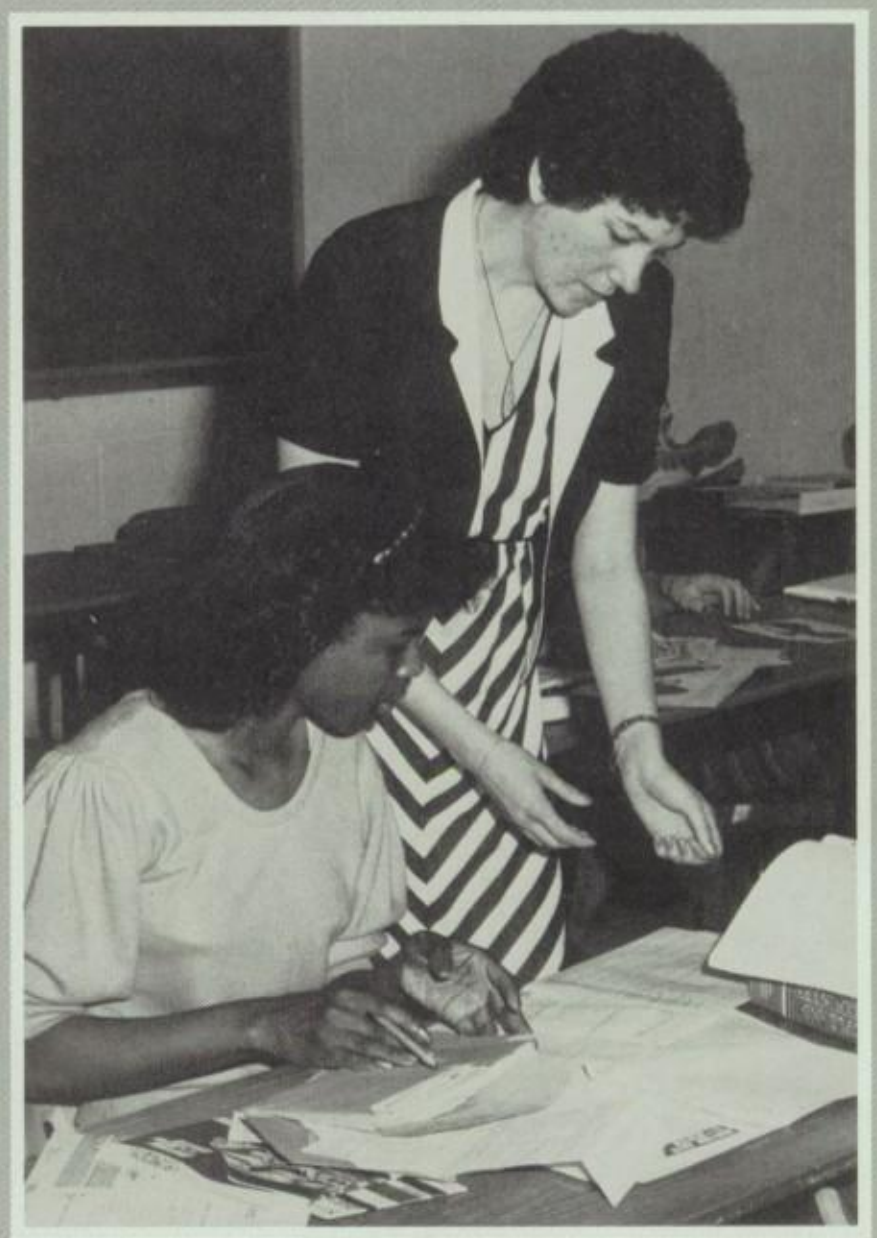
Mr. Randle shares his knowledge and experience with David Siebel and Tom Nasses.

Students review for final exams in Mrs. Boatright's Mythology class.

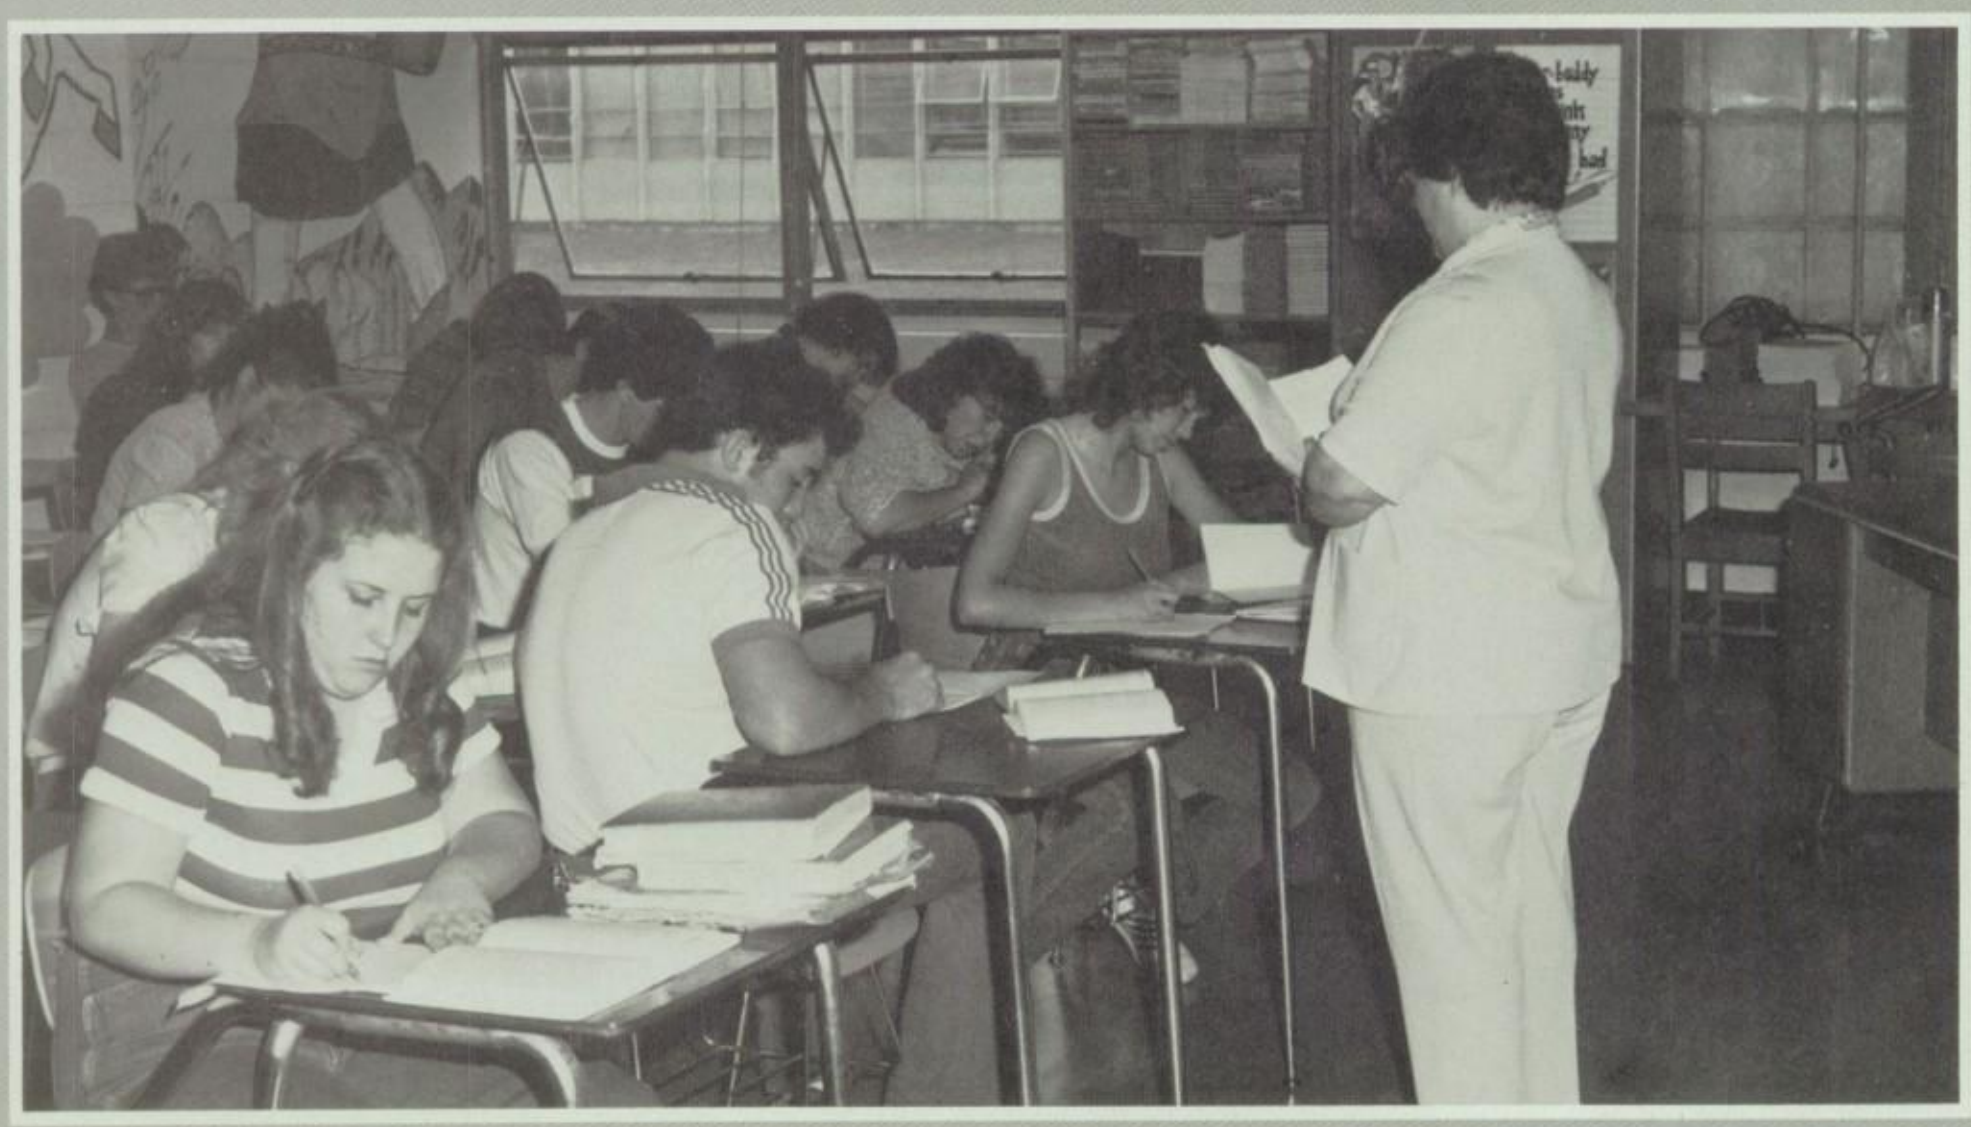


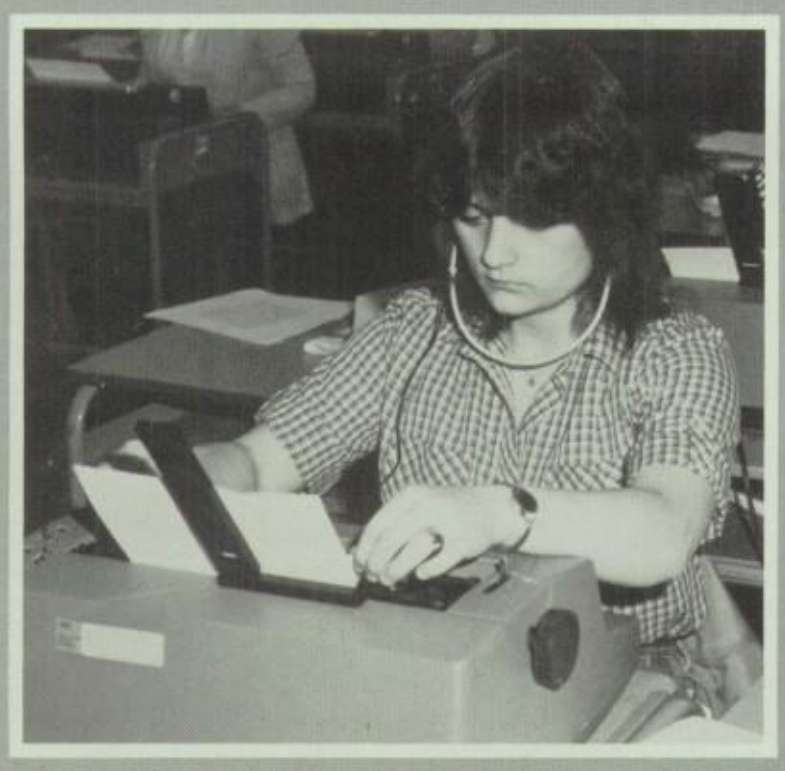
We seem to be compelled to keep every scrap that has a bit of information on it. Finally, we have to make a decision.

The library, supervised by Mrs. Buzbee, is our storehouse of knowledge.



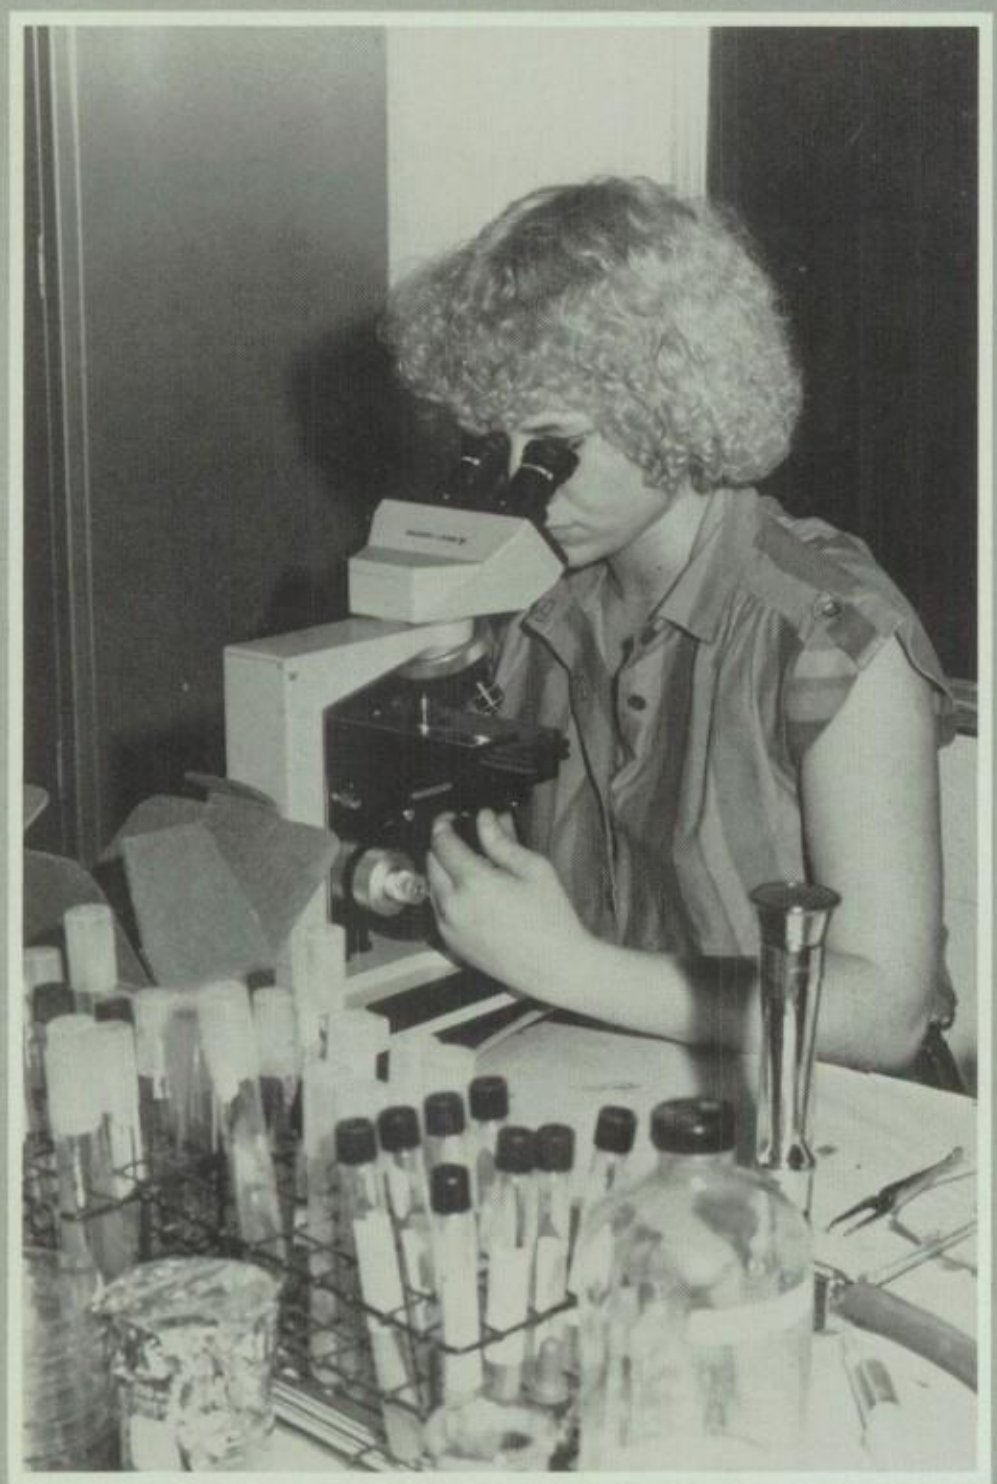
Audrey Comer calls upon the knowledge and experience of Mrs. Schneider to help her solve a problem in bookkeeping.





Angela Mason develops her typing skills with repeated practice.

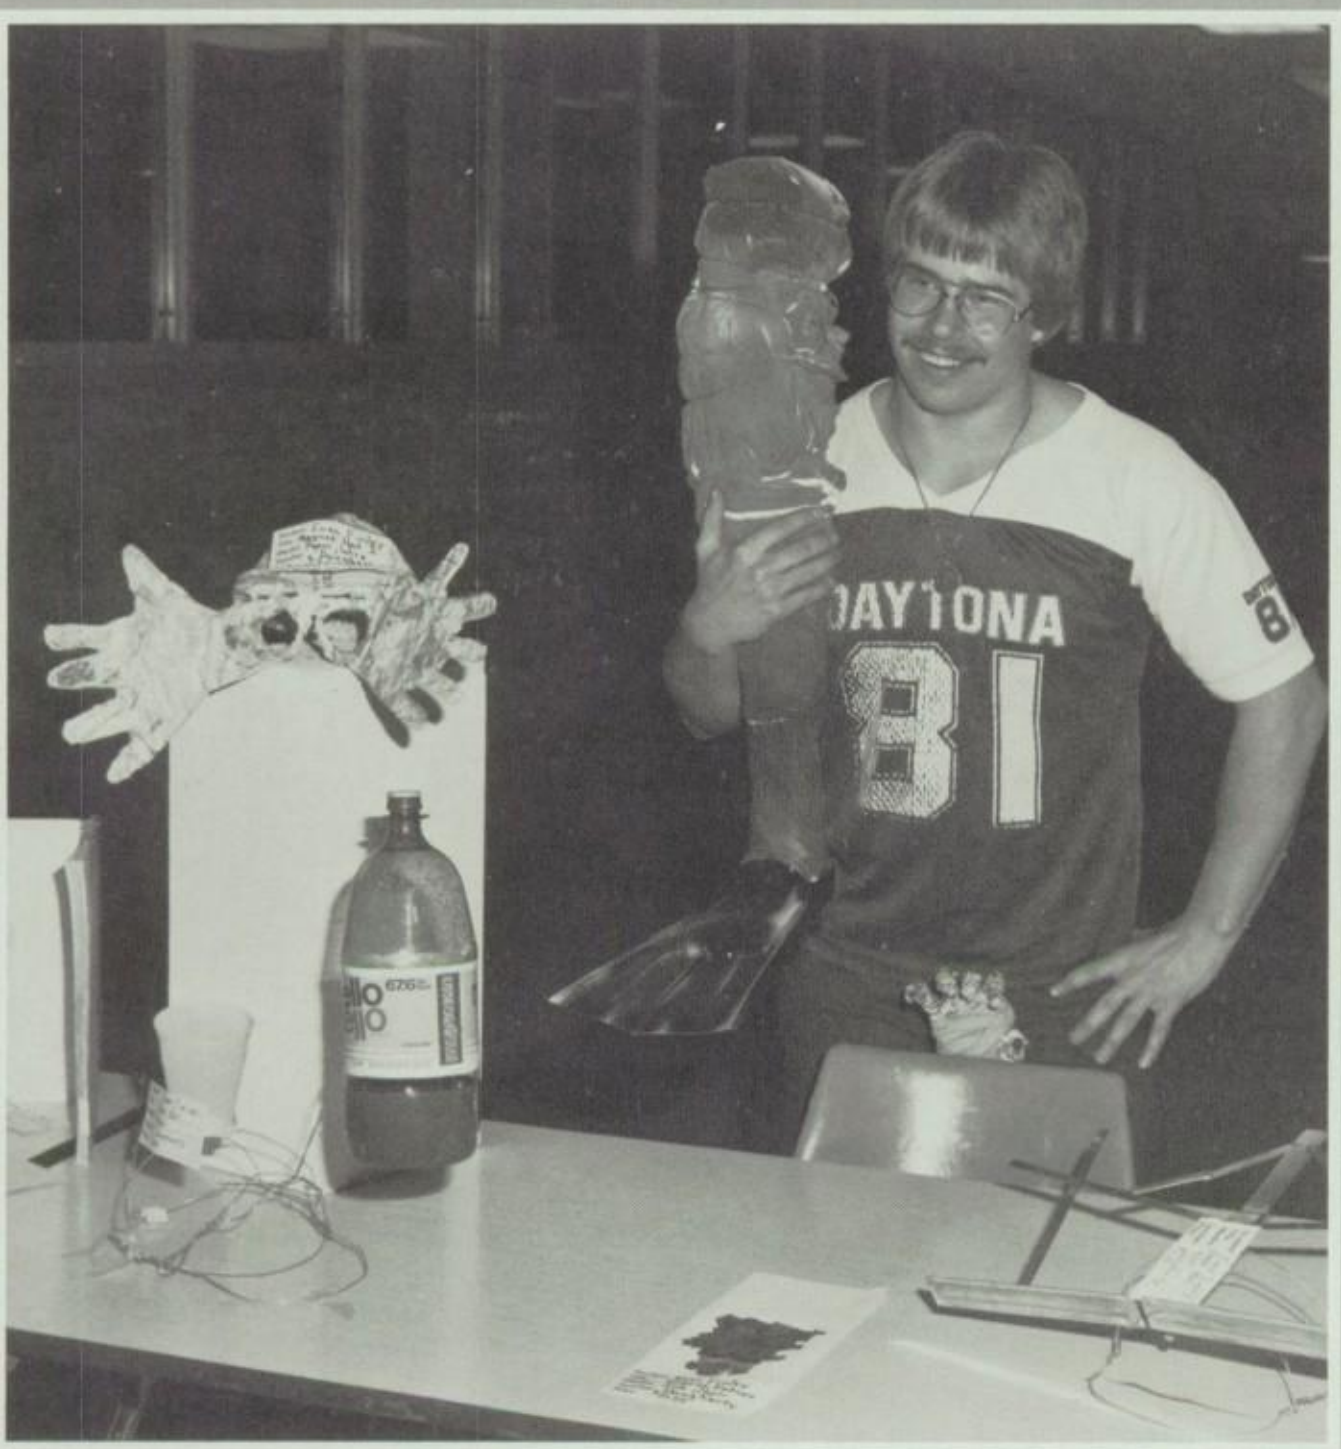
Mr. Knezovich explains the rules to tug-of-war captains Dave Johnson and Craig Snedden while student council adviser, Mr. Wassell, listens.



⬆Using the microscope to extend the capability of her eyes, Tammy McDuff examines a slide of bacteria which she has prepared.

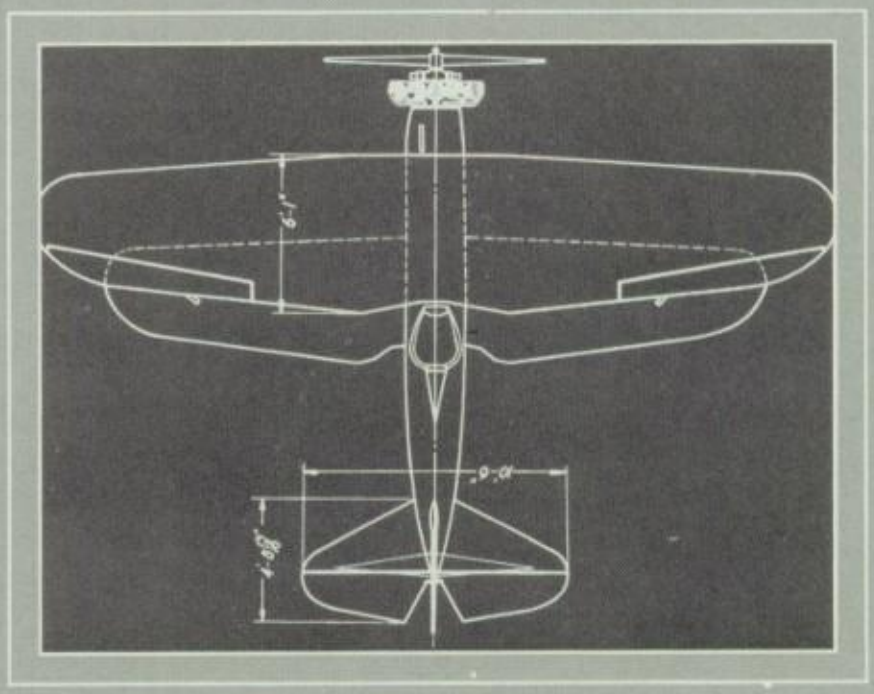
Watching an experiment to see what happens are Bob Obery, Ron Harms, and Mike Blase.➡

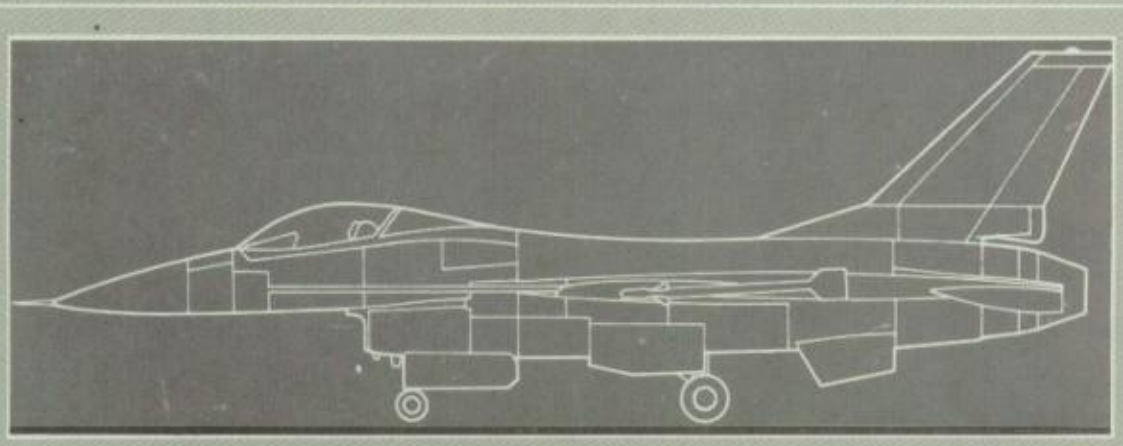
Man is a visual creature. Most of the information that reaches our brain comes to us through our eyes. For this reason it is important for us to see things in order to understand them. Also, we need to try things for ourselves instead of taking someone else's word for it. Thus, trial and error. New knowledge is the result of OBSERVATION and EXPERIMENTATION.

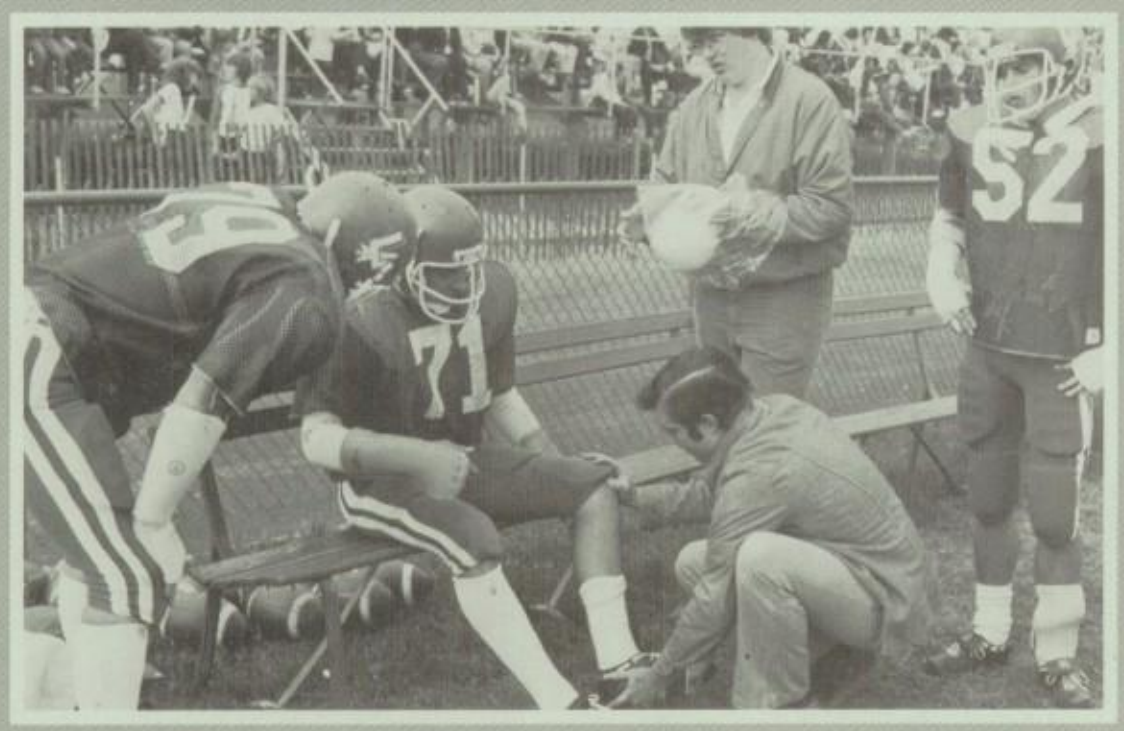


Experimenting with different materials, Evan Finley created some unusual "masterpieces" which were on display at the Fine Arts Festival.

Jim Jenkins looks and listens as Dr. John Ellis of Northern Regional Research Center talks about a particular mold culture.







Jim Fox has a temporary setback spraining his ankle early in the game.

Mark Hurd presents the swimming trophy to Dr. Endsley, for display in the trophy case.

Chosen by her peers, Carla Johnson is presented with the Student of the Year Award for Office Education Association. Mrs. Hott made the presentation.

Mark Maloney puts a final finish on one of his successes.

Steno Club presented Miss Risen with a plaque during National Secretary Week.

In honor of her accomplishments in girls basketball, Jodi Rathbun's jersey and number are retired to the trophy case. A first in Limestone history.

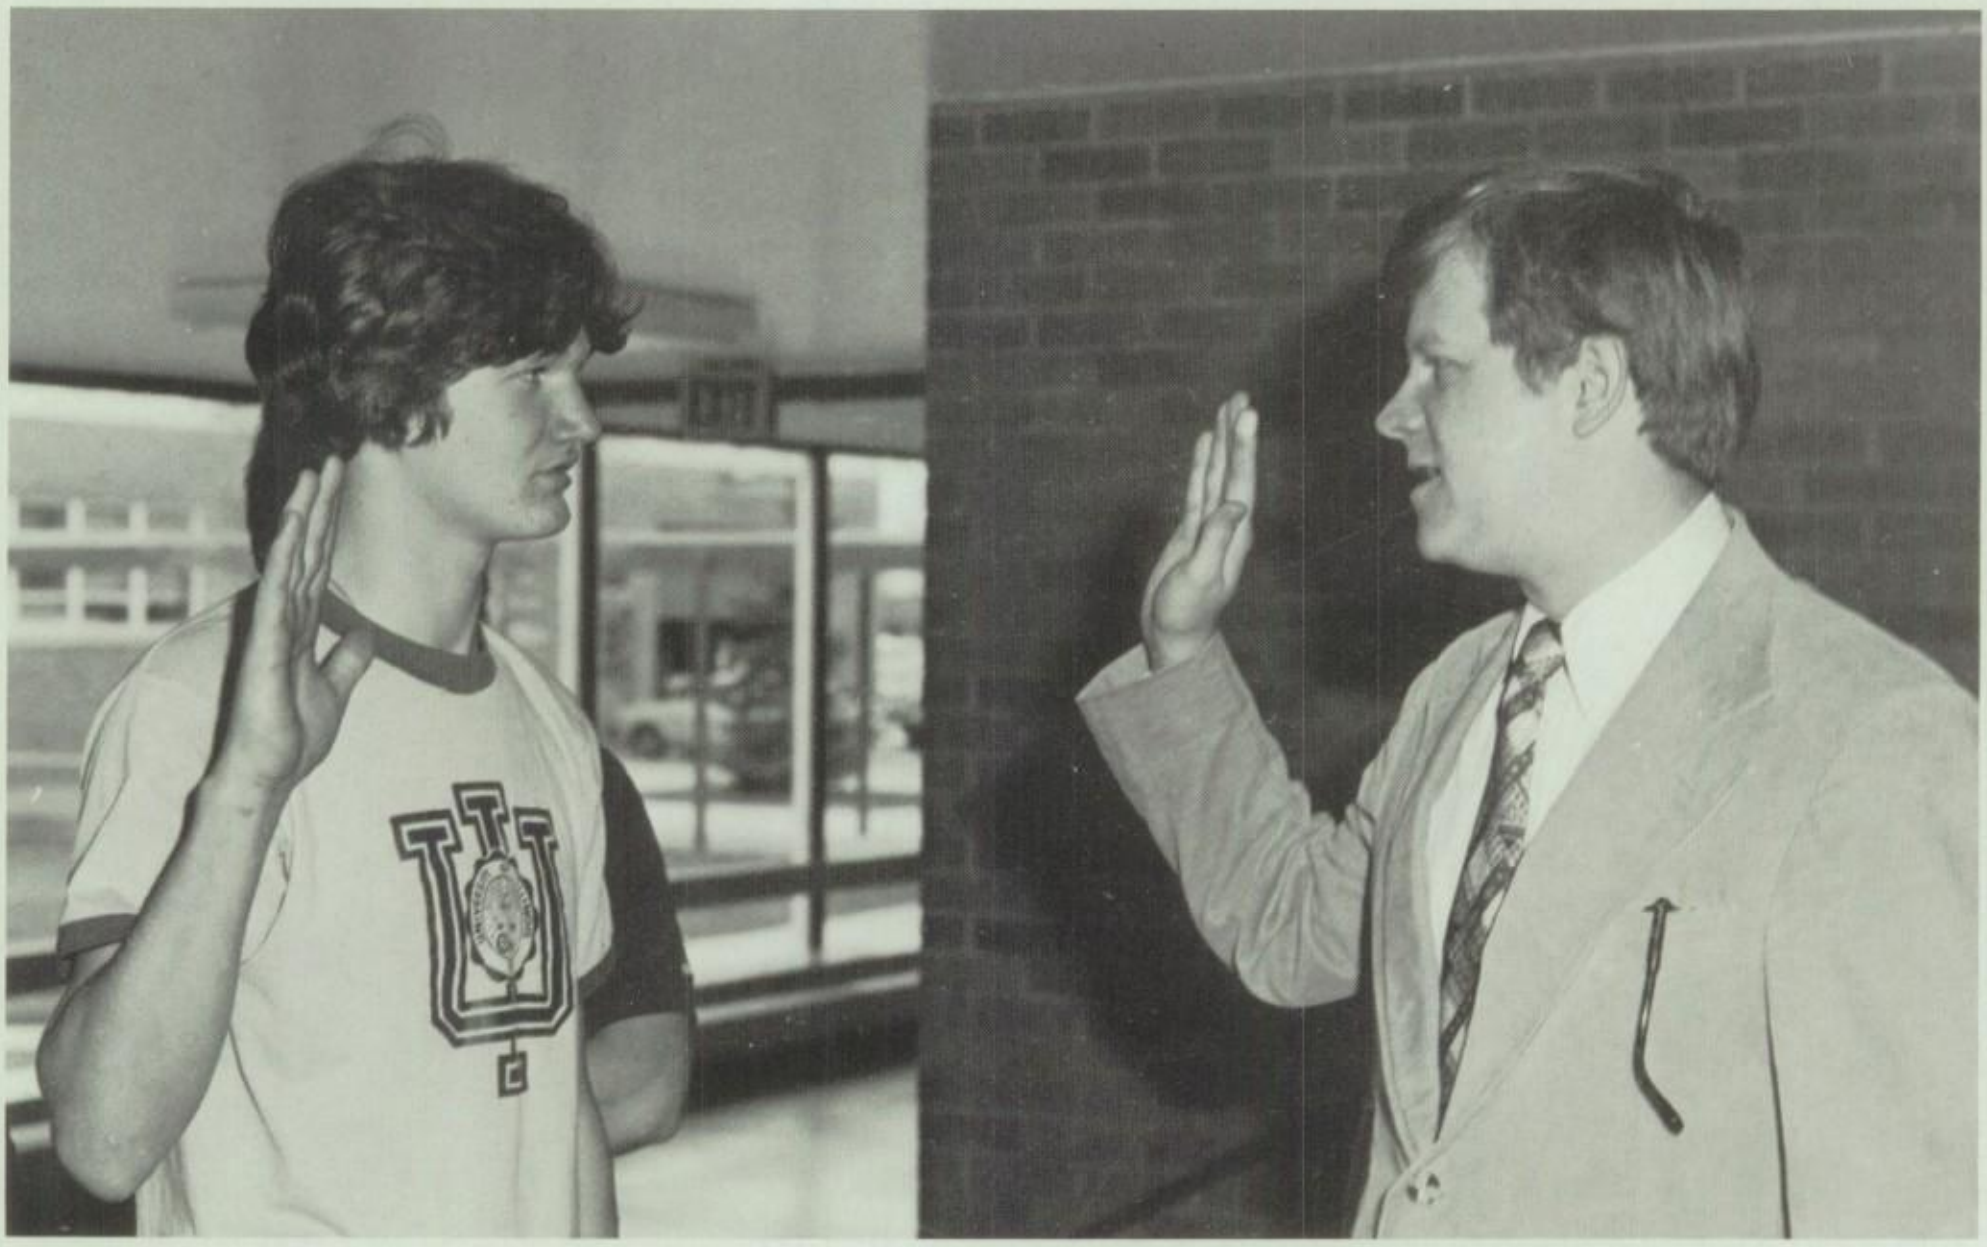
Scott Laughlin displays his masks at the Fine Arts Festival.

In our society, we are measured by our accomplishments which usually means the acquisition of wealth, favor or eminence. It is, however, essential to understand our limitations as well—since life is composed of our SUCCESSES and FAILURES.

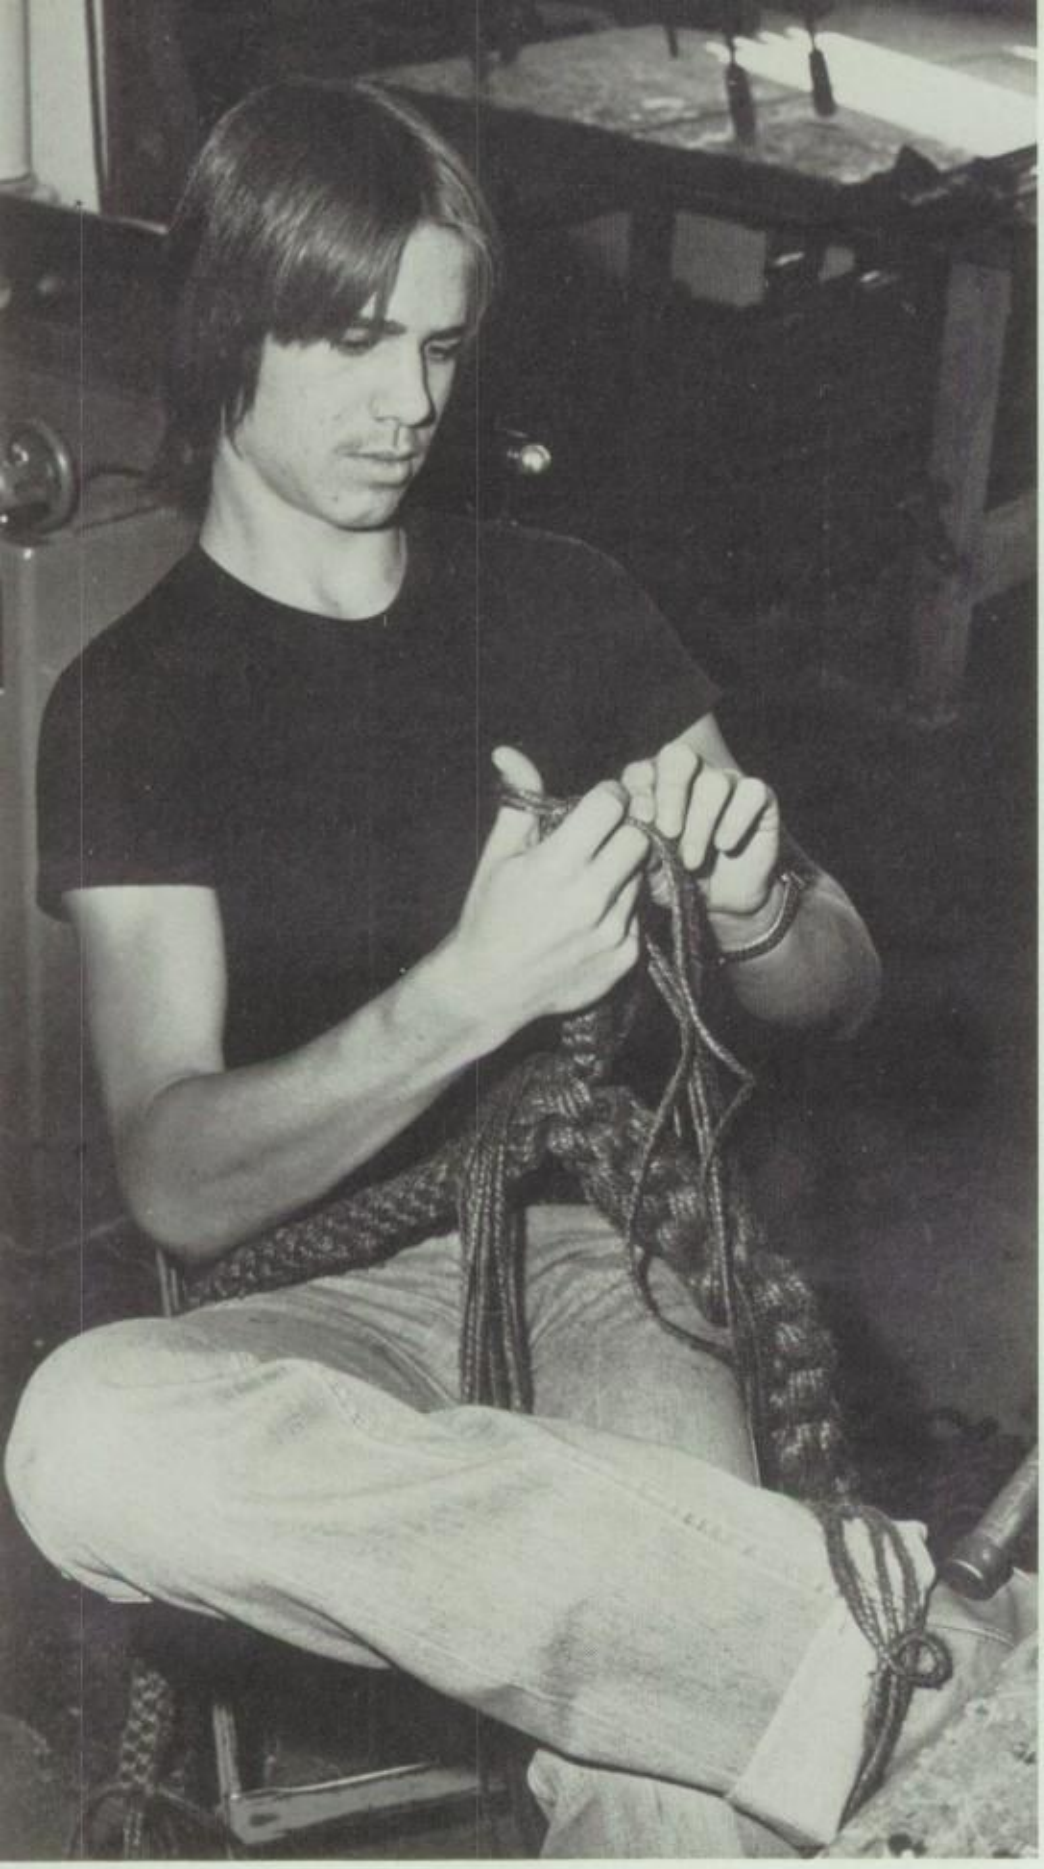
We develop in KNOWLEDGE and GROWTH preparing for the future, facing new challenges, learning new things, and growing and maturing as individuals and as a society.

Patrick Thornton uses his talents in preparing hall decorations.

Using the band saw in the woodshop, Amy Miller cuts out a pattern.



The County Clerk's Office accommodated our students by coming to Limestone to register prospective voters. The oath was administered to John Anderson by Peoria County Clerk, William Koeppel.



Bob Reeder works on a macramé project in handcrafts.

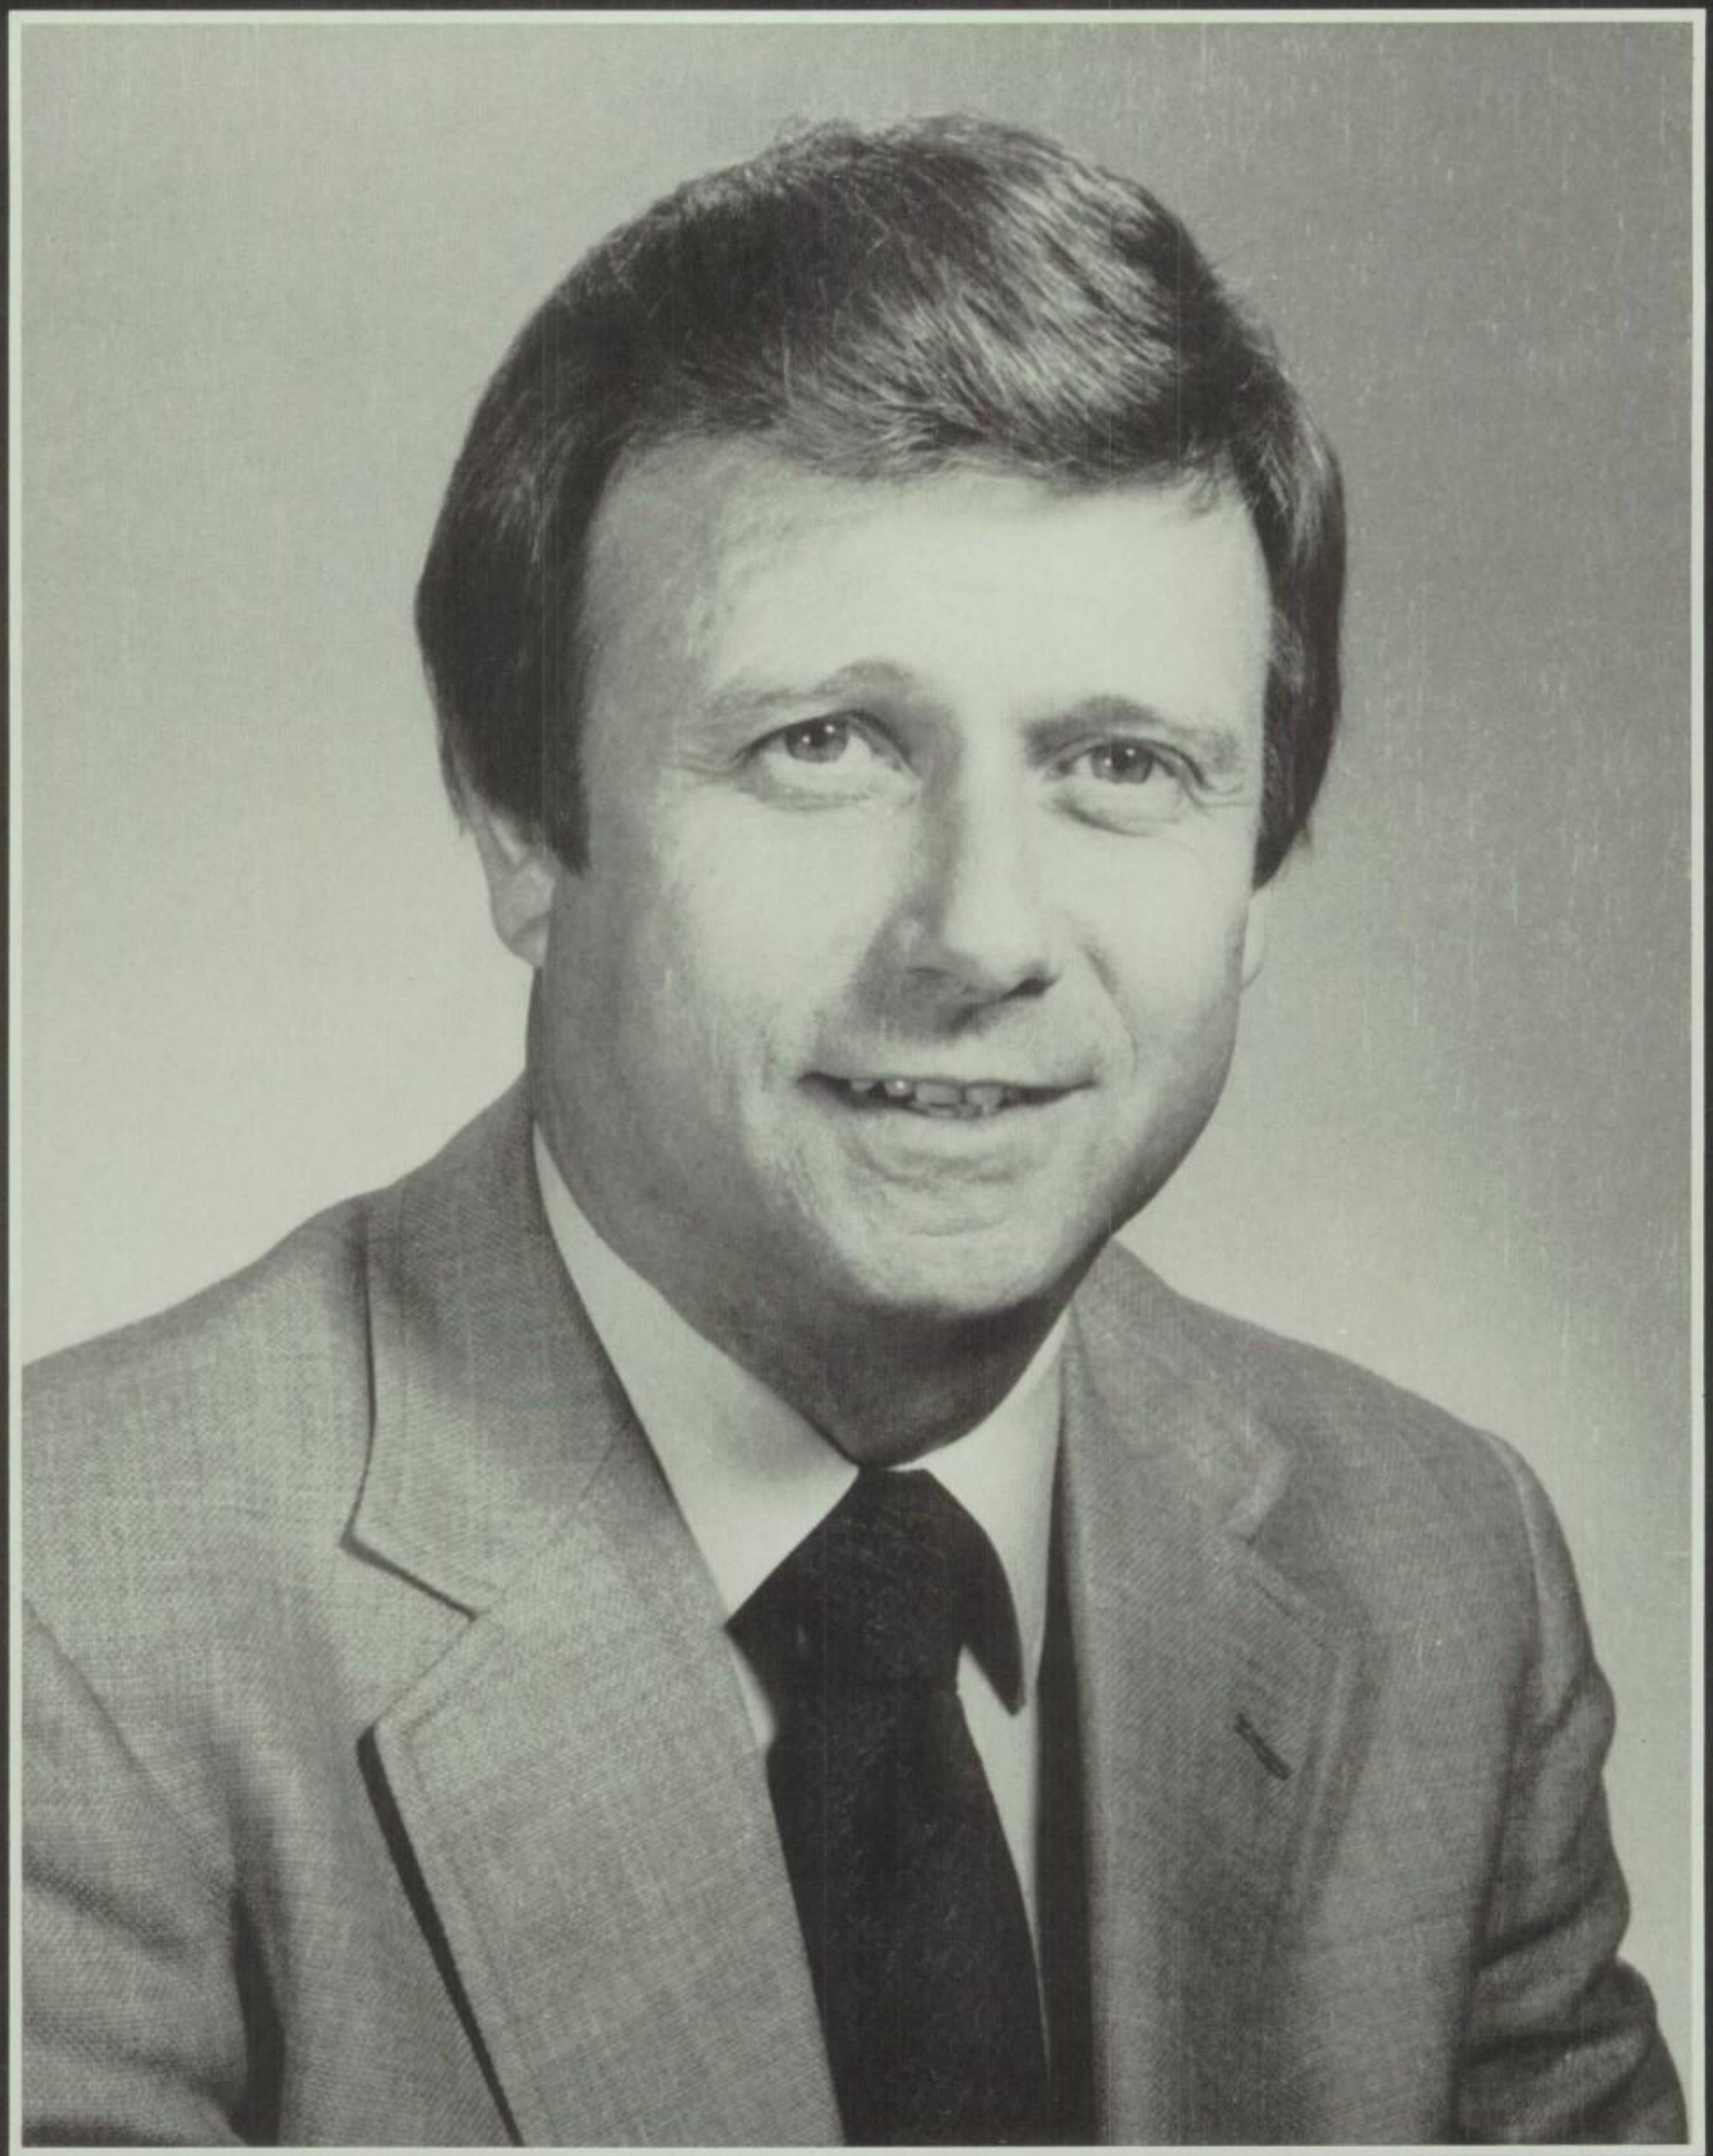
Dedication



Mr. Kent Negley

Mr. Negley 21 Years at Limestone!

Mr. Negley discusses some problems relating to purchases with Mrs. Allen.

Mr. Kent Negley came to Limestone Community High School in the fall of 1961 as an industrial arts teacher. He spent fourteen years in that department teaching mechanical drawing and drafting. During that time he served as a cross country coach, a track coach, and an assistant football coach. He also gave behind-the-wheel driver training.

A native of this area, Mr. Negley attended Farmington High School and Western Illinois University where he received his bachelor's degree. He did his graduate work at Illinois State University. Before coming to Limestone, Mr. Negley taught at Mid-County High School near Varna.

Mr. Negley checks a co-op schedule with Mrs. Schneider.

Mr. Negley receives the dedication.

Mr. Negley became Director of Occupational Education in 1975 and has served diligently in that capacity. He plans career days, and co-op programs, and he helps students plan for the future. He has been a true friend to students and faculty alike giving good advice and always trying to be helpful. He is honest, kind, and sincere and has a genuine concern for people.

The students of Limestone High School are grateful to have such a devoted friend on the administrative staff and are pleased to honor him with the dedication of our 1982 AMULET.

Seniors Take Third in Skit Competition

As a result of last year's expenses, the Senior Class began the year with a deficit of $600.63. To help the class get out of debt, we sold candy bars. The sale helped, but it did not accomplish everything we wanted to do this year.

A big disappointment to our class was the third place we received in the homecoming skit and float competitions. We worked so hard, too. Our homecoming queen was Lynne Marchand, who reigned over all the activities. Her court included Kris Dobbins as the senior attendant.

Seniors Sam Light, Terry Dixon, and Gene Virgil displayed outstanding talent for the 1981 - 82 football season by receiving special honors and awards. The football players participated in the Pizza Pig-out Contest to benefit Easter Seals.

We congratulate Gene Virgil who won the D. A. R. award and Paul Windsor who won the National Merit Scholarship. Also, as a member of the JETS team, Paul received third place in the English competition held at ICC. Jodi Rathbun scored the most points in the history of Mid-State 10 girls' basketball. Natalie Irwin served as Editor-in-Chief of the *Amulet*.

Spirit Week started slowly for the seniors, but as the week progressed, the class spirit gained momentum, resulting in a tie with the Junior Class for the Spirit Paddle.

Our clas was led by Rose Huntley, president; Nancy Neff, vice-president; Lynne Marchand, secretary; and Lynne DeLorme, treasurer. Our class advisers were Mr. Greg Camp, Mrs. Mary Lou Hott, and Mr. Robert Privratsky.

We walked the final steps in our high school lives on May 19, 1982, when 327 of us graduated. With our hopes and aspirations and our diplomas in hand, we looked forward to the future.

Enthusiasm & Vitality - Junior Class

The Class of 1983 entered its third year at Limestone full of enthusiasm and vitality. This was reflected during homecoming by winning the Variety Show skit competition for the second straight year with an altered version of the "Midnight Ride of Paul Revere". Outstanding participation resulted in second place for their float, "Rockets Ring A Victory". Sheri Mingus was selected as the Junior Class Attendant.

Many Juniors excelled in the advanced classes available to them, while others got their first experience with the co-op work program. Some got their first taste of varsity athletics.

The Junior Class tied the Senior Class for the Spirit Paddle with the theme M*A*S*H.

The Junior-Senior Prom was held May 15, 1982, at the Holiday Inn-Brandywine, where the couples enjoyed dinner and dancing. Hard work and solid planning made the prom a success.

Class Officers for the class of "83" were David Welch, President; Paula Negley, Vice-President; Joy Wright, Secretary; Sheri Mingus, Treasurer. The advisors were Mrs. Laffenberger, Mrs. Mandler, and Mr. Johnson.

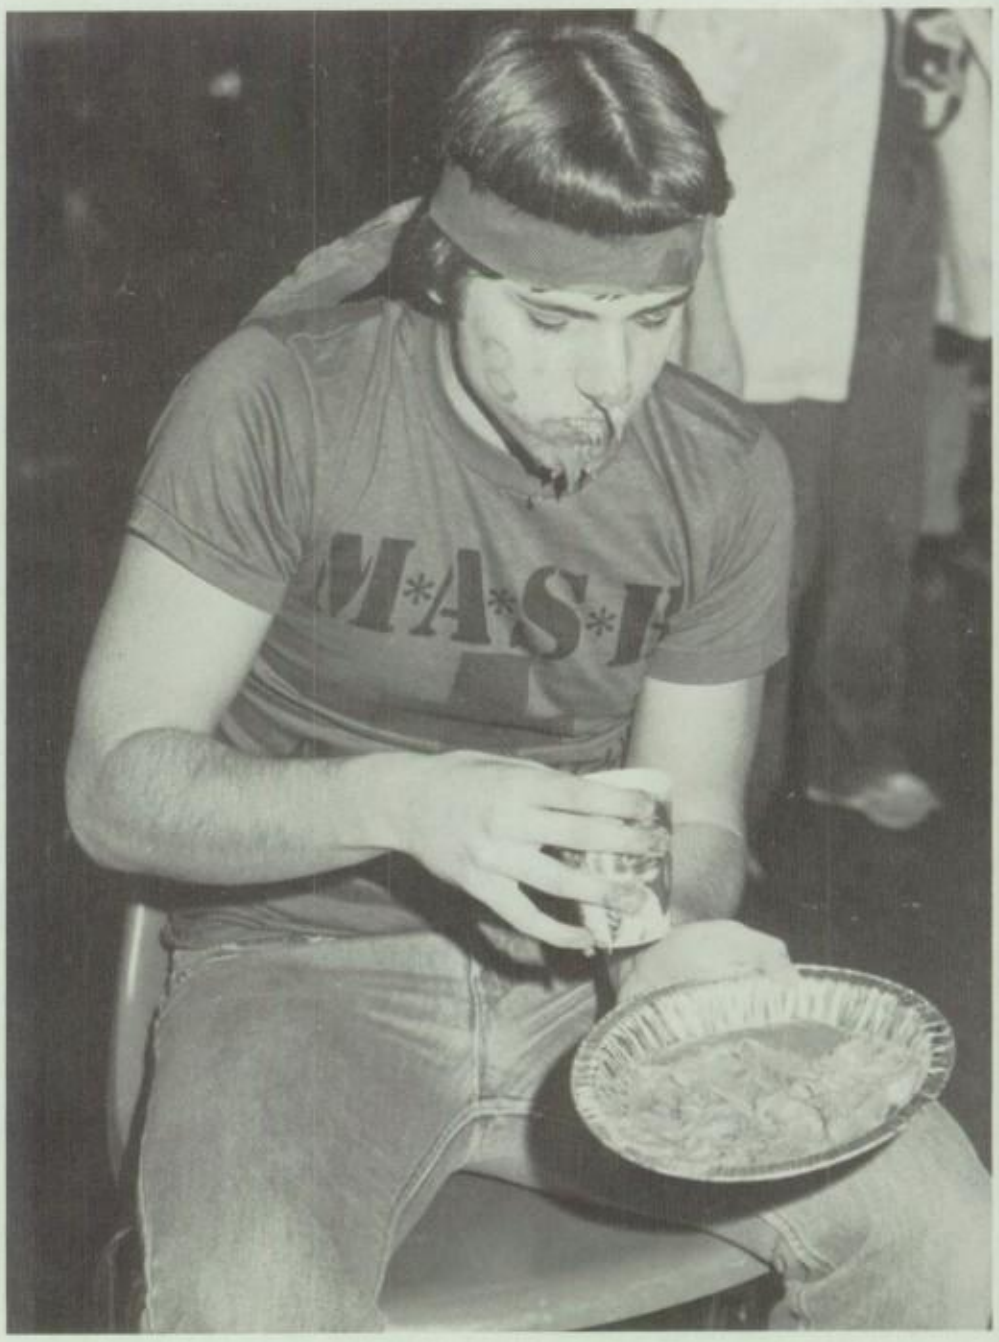
Suzanne Ferrie isn't bucking for the custodian's job; she is just helping to get things ready for the madrigal decorations.

Juniors Show Enthusiasm For Class

"Juniors are number 1!" Here the members of the Junior Class skit show their enthusiasm for their class.

A few samples from the Oster demonstration can't hurt, right girls?



Scott Schepke found out that it sticks to the roof of your mouth. He won the contest, though.

Spend Many Hours In Activities

Juniors cheered and shouted at the Spirit Week assembly.

Some people just like to mess around when they see somebody with a camera.

Some of the girls take a supper break while decorating the Junior hall. Do you think there was a McDonald's in the 4077th?

Alan Alda should see us now. Well, at least we tied for the Spirit Paddle.

Junior Dan Norman played a trumpet solo during the half-time ceremonies.

We're On The Road, Watch Out!

The Sophomore Class began the year with high hopes and big plans for the homecoming. Unfortunately, they took only third place with their skit, The Robin Hoods' Football, and also third place in the float competition. Michelle Kunkle was chosen as Sophomore Attendant.

Jill Lambie was elected president to lead the Class of '84. She was assisted by Tony Gienow who was elected vice-president; Michele Hedge, secretary; and Lisa Beaird, treasurer. These class leaders were capably advised by Mrs. Rastatter, Miss Hampleman, and Mr. Sanders.

The class project this year was the sale of a variety of candy bars. The sale was very successful and the class was able to pay off its debts with a balance left over for future expenses.

A great new goal was accomplished by most sophomores who got their first taste of driver training. They received behind-the-wheel experience and finally that all important drivers license.

Brad Meyer was elected Vice-Versa King. Chip Doran and Eric Bjorklund took honors at a state meet by breaking a computer code. Good job, guys!

The Sophomore Class was represented on the Student Council by Susie Sears, Tim Knight, Lisa Shepard, Brad Meyer, Trisha Modglin, and Leah Smalley.

The Sophomore football players put on a funny skit during the homecoming variety show.

Wench Dottie DeMay and page Terry Wittmer enthralled their guests with flaming figgy pudding.

Lisa Yerby gives Aaron Legaspi a hand with the spoon as Jill Lambie watches other teams to check their progress.

Mike Meinders, Tim Gentry, and Tim Ehart clown around while working backstage.

Rick Jordan tries to get as close to the floor as he can to pick up the sack. Everytime he picks up the sack, they cut a little more off.

Chip Doran, above, celebrated his 16th birthday by making his first solo flight. He is well on his way to getting his pilot's license. Chip took Aviation Fundamentals and passed his F.A.A. exam. When he finishes his instructions in the plane, he can get his license on his 17th birthday. Congratulations Chip! At left, Chip has a big smile after his four solo "touch-n-goes".

Freshman Class Officers

Steve Burlison, Vice-President Missy Guthrie, Secretary

Eric Gaffney, President John Wetterauer, Treasurer

Freshmen Begin At The Beginning

"Where's room 162?" "I can't find the stairs to the second loor." "Is this the way to the cafetorium?" "Can you help ne with my locker combination?" The freshman year began vith some considerable confusion that was quickly dispelled. t did not take long to learn the layout of the building, our lass schedule, who the teachers were, and who gave out all hat homework. It also did not take long to find out that we ad a class full of school spirit and enthusiasm and we were villing to go to work for the Class of '85.

We had a tremendous beginning this year by defeating ll of the other classes in the float competition for the omecoming parade. That was great! We even took second lace in the skit competition for the Variety Show. This was ot too bad for freshmen with no experience in these kinds of things.

When it was time to find our leadership, Eric Gaffney was elected president by a near landslide. It must have been those super campaign posters with those gorgeous pictures the girls all stole that did the job. Steve Burlison was voted vice-president, and Melissa "Missy" Guthrie was elected secretary. Both ran unopposed. Selected to handle the money was John Wetterauer who also ran unopposed for treasurer.

When Spirit Week came, we were given a hall and a color for our class; that was blue and we were rather uninspired. At least we tried hard at everything. We learned a great deal this year, and we'll be better prepared for next year. A big thanks goes to our very patient advisers: Mr. Konya, Mrs. Morse, and Miss Dobridnya.

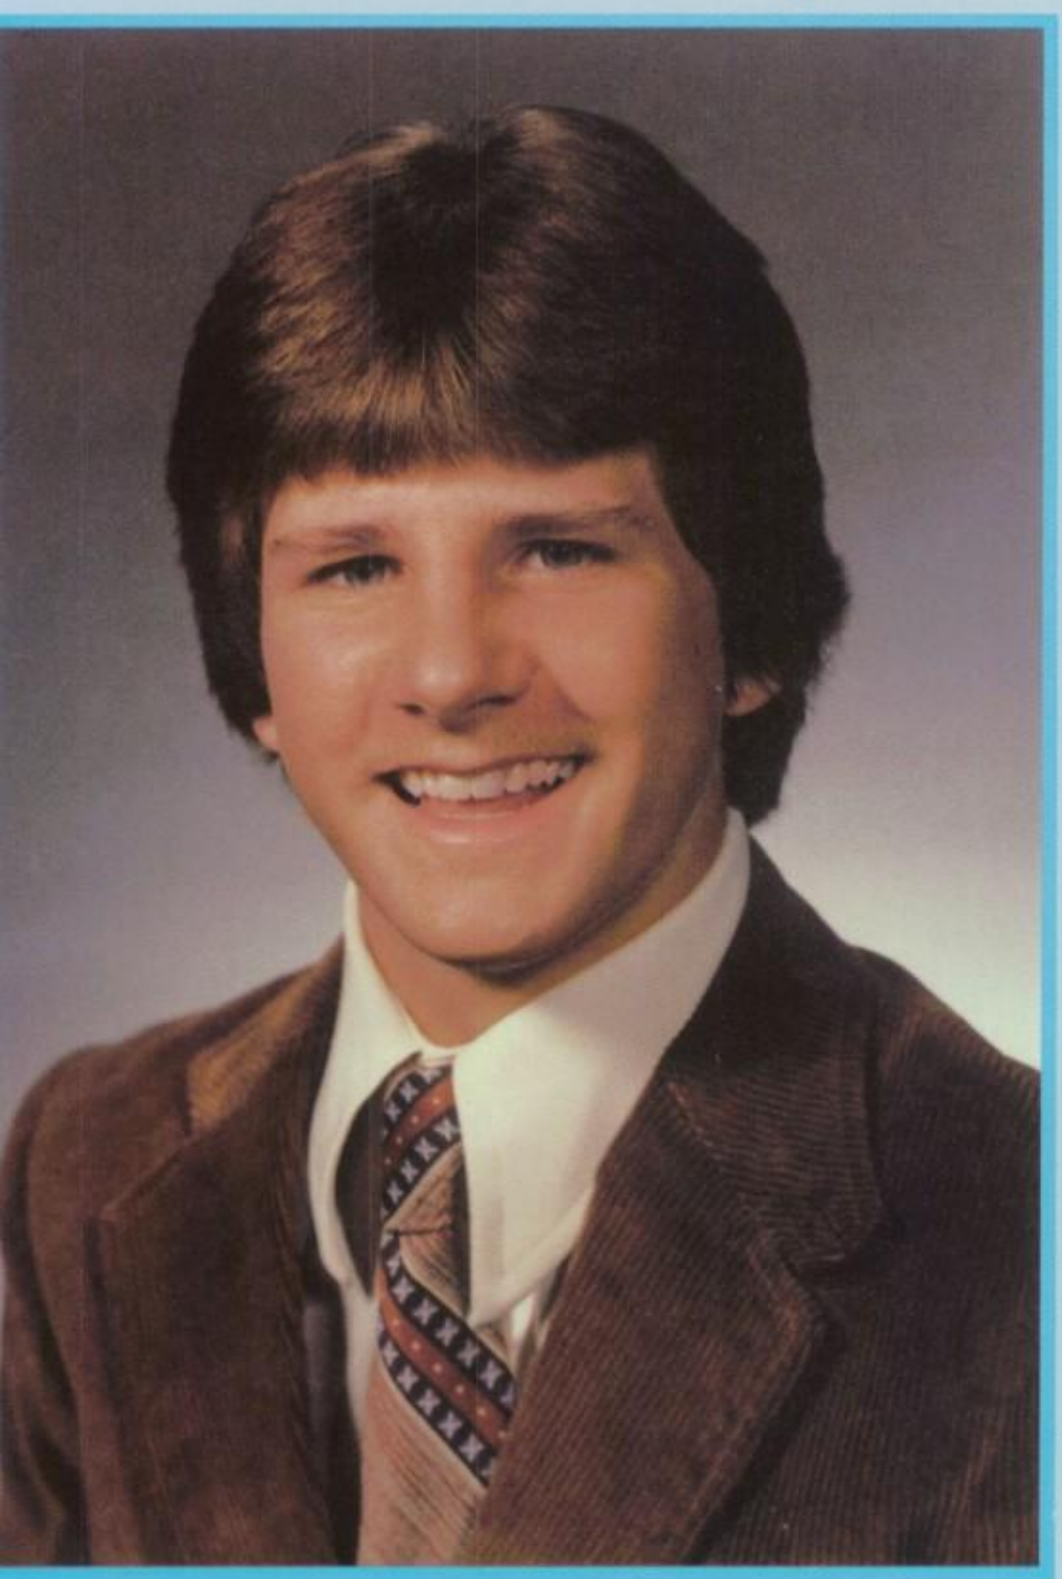
First Runner-Up



Mr. Jeff Johnson

The contest to select the most photogenic entrant in the Mr. Photogenic Contest is based strictly on the appearance of the portrait and does not consider personality or popularity. Only Senior boys are eligible. To insure participation and interest, all of the senior boys photographed for the AMULET were entered automatically.

This year the judge was Miss Christine Zak, anchor reporter for WEEK-TV, Peoria, Illinois. Miss Zak is a graduate of Kent State University where she received a bachelor of science degree in telecommunications. She has performed in radio as a newscaster and weather reporter, as a photographer, and as an anchor reporter. Her interests outside the broadcast field include all outdoor sports, basketball, football, tennis, and hiking. She also enjoys theatre, sewing, and macrame.

Senior Gridders Of 1981-82

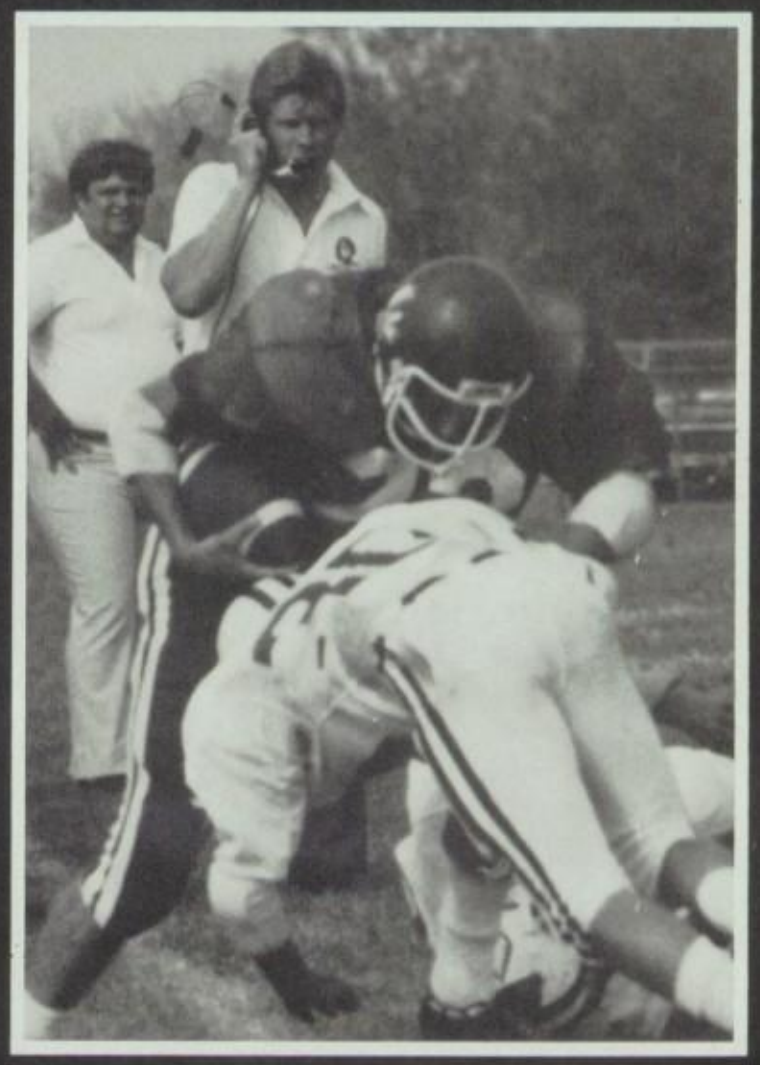
David Tomevi moves in to put the finishing touches on a tackle.

Tim Penwell breaks through to lead the way into the Homecoming game.

Seniors scattered the football field on nearly every play of the year.

Even though many felt we had a chance to win, the varsity football season started out slowly with a loss to Washington. The win over Bergan got the Rocket gridders fired up. The next week we fell to Manual by two points; this was a very emotional loss. Pekin was the next victim to fall to Limestone by a score of 34-14. The following week the Limestone fans witnessed one of our best games of the season, the Homecoming victory against Richwoods. The Rockets won by a score of 36-22. This was the second Homecoming victory in the history of LCHS. Spalding took the wind out of our sails by beating us 28-14 at our own Frank C. Leach Stadium. The next three weeks were fun weeks. We beat East Peoria, Central and Woodruff, finishing with a 6-3 record.

During the course of the season, Sam Light and Terry Dixon set record after record. Sam and Terry were selected to the first team all-conference along with Gene Virgil. Making the second team all-conference were Mitch Blackaby and George Kokos. Evan Finley, Tim Penwell, Jerry Betson and Tom Beckman were selected to the special mention team. Terry Dixon made the All-State Football Team; Sam Light made Special-mention, and Gene Virgil made Honorable-mention. Terry became the first Rocket gridder to be selected to play in the East-West Shrine game, where players are selected from the entire state of Illinois.



Gene Virgil has a rough time breaking loose from Richwood's tacklers.

The girls' varsity basketball team stopped just short of the top again this year. Although the Illinois High School Association robbed our team of the glory it deserved by changing the state tournament format for the girls, the Rockets were in the Elite Eight again for the second time in four years. In the long climb to the Elite Eight, the team won 25 games this season and lost only 5. The Richwoods Knights were left behind in Peoria once again while the Limestone Rockets fought their way to the state quarterfinals in Springfield, where they fell to East St. Louis Lincoln, eventual state runner-up.

Although it went virtually unnoticed when compared with our state appearance in 1979, it was still a thrilling finale for our team, especially the senior members (Jodi Rathbun, Kathy Guppy, Kate Kelley, Beth Miner, and Julie Pitsonbarger); and it capped a season of record-breaking feats by Jodi Rathbun, the team captain and leader in scoring, rebounds, and assists.

Jodi's season point total of 1,119 points made her the single-season state scoring record holder, and her 2,547 total varsity career points made her the all-time scoring leader in the Peoria area - boy or girl. Dr. Endsley retired uniform number 24 to the trophy case in recognition of the many outstanding accomplishments Jodi achieved as a member of the girls' basketball team at Limestone Community High School.

Once again the girls' basketball team gave Limestone Community High School reason to be proud of their standing in the Mid-State 10 conference and confident in their outlook as they enter the new Mid-Illini conference.

Administration Helps To Mold Minds

Dr. Norman T. Endsley
Superintendent

The capable administrative staff of Limestone transforms our school into a first-rate center of education. They have the job of planning, organizing, and implementing. These people deal not only with the buildings and budgets but also with young minds and the future of this nation.

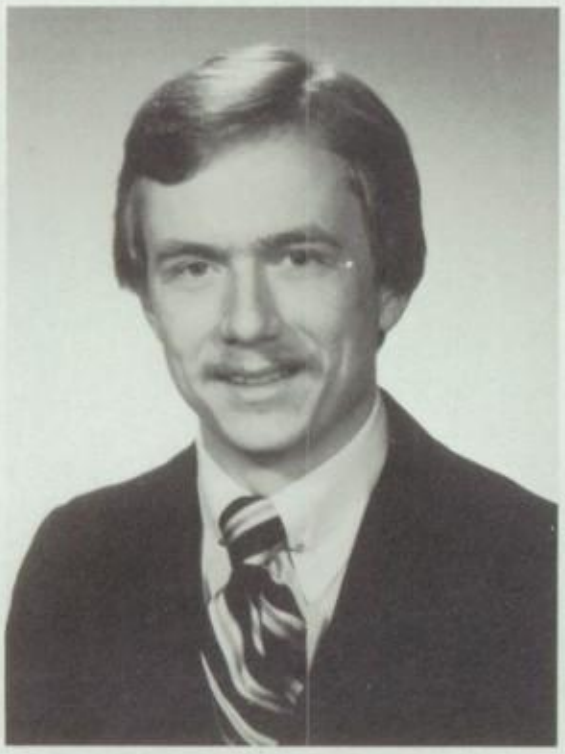
Limestone Board of Education



Kevin W. Tilton
President

The Limestone Board of Education consists of seven members who are elected by residents of the district. The members meet twice a month and receive no monetary compensation for doing so. These members set school policies, approve the budget, and hire staff. In addition to their formal activities as board members, they show their interest in the high school by attending plays, athletic events, and other school functions.

The president of the board traditionally hands out diplomas to the graduating seniors at Commencement.

We appreciate the fine job that these people do for our school and community.

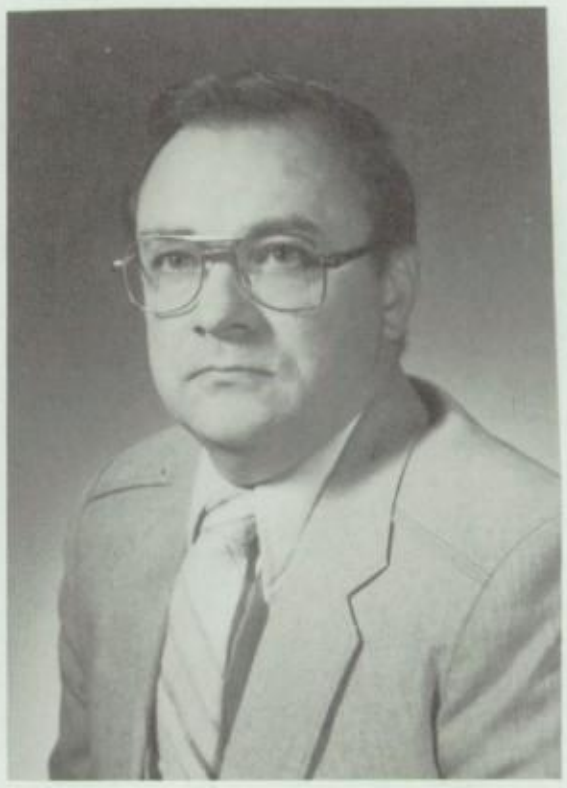
Mr. Adams Serves Twenty-Five Years

Mr. Adams, at his desk in room 11, is well qualified in all areas of mathematics.

Mrs. Randle and Mrs. Kokos planned and schemed to prepare the roast for Mr. Adams. Here they are helping him put on a memory belt to which objects from the past will be hung.

Mrs. Noe helped to "roast" Mr. Adams and added to his memory belt.



Mr. James Adams

Mr. James Adams came to Limestone in 1957 as a teacher of mathematics. In addition to his classroom duties during the past twenty-five years, he has served at various times as a class sponsor and rifle club sponsor. For a number of years he was the traffic guard when the school buses departed after school. He has also been active in the community as a member of the Emergency Service Disaster Agency. Thank you, Mr. Adams, for your twenty-five years of dedicated service.

Best Wishes for a Happy Retirement

Mr. John Knezovich and his wife, Rosemary, stand behind a display of memorabilia significant to Mr. Knezovich's life at Limestone and at home.

Mr. John Knezovich

Mr. Knezovich began his teaching career long before coming to Limestone High School in February of 1963. He held his first teaching post at East Peoria High School in 1943. He did not remain in education, however, but spent fifteen years in industry before joining the staff at Limestone. He was never really away from education during those fffteen years as he took every opportunity to substitute in the Peoria system.

We wish Mr. Knezovich a healthy and happy retirement. (see pages 14-15 in the 1981 AMULET)
